MISSON	Engage with relevant stakeholders including healthcare providers, policy makers and the public to help develop and implement country and region-specific programs for the prevention and treatment of osteoporosis and its complication of fragility fractures in the Asia Pacific.					
VISION	Towards reducing the burden of osteoporosis and fragility fractures in the Asia Pacific region.					
STRATEGIC PRIORITIES	CLINICAL EXCELLENCE Develop and disseminate an evidence-based set of clinical standards for osteoporosis management.		IMPLEMENTATION Encourage local adoption of the clinical standards.	ENGAGEMENT Recruit, support and empower healthcare professionals with a passion for improving osteoporosis care.		ESTABLISHMENT Formalise APCO's legal, governance and organisational structures and ensure the organisation's financial sustainability.
GOALS	Develop a pan-Asia Pacific framework with minimum clinical standards (THE FRAMEWORK) for the screening, diagnosis and management of osteoporosis for groups at high risk of fragility fracture.		Distribute the clinical standards in a modular format that allows easy adoption at individual health care facility or national level.	Create awareness of APCO and recruit clinical experts from countries that are currently not represented.		 Establish APCO as a legal entity. Deliver a strategy to achieve APCO's broader mission.
	Disseminate the clinical standards.		Measure the change in adherence to the clinical standards and impact on patient outcomes.	Provide tools and templates to support and empower members to deliver APCO's message and implement change at a local level.		Secure a broad funding base among organisations with an interest in osteoporosis and fragility fracture prevention.
